STUYVESANT H. S.'S  
VICTORY FEATURES  
HARLEM REGATTANew York Boys Capture High  
School Race in 4 Minutes.  
32 2-5 Seconds.

From a New York standpoint the feature of the Memorial Day regatta under the auspices of the New York Rowing Association, on the Harlem River, was the victory of the Stuyvesant High School No. 1 crew in the high school eight shell race among Stuyvesant, New Rochelle and De Witt Clinton in the good time of four minutes 32 2-5 seconds.

The Stuyvesant crew flashed a smoother brand of team work than any of their rivals, and that advantage won for them. They took command of the race at the start, when both De Witt Clinton and New Rochelle got away to ragged starts, accompanied by considerable splashing and backwash in getting into a rhythmic stroke. New Rochelle made it a race, however, and when the three-quarter mark was reached Stuyvesant had only a quarter length lead.

The Stuyvesant team work showed at this distance when the boat was lifted for the final test through the straits. The New Rochelle oarsmen began to splash and were frequently guilty of clipping the stroke, but the Stuyvesant men slipped into the faster beat with out any loss of power. Their blades dipped into the water smoothly and stayed there until the finish of the stroke. The result was a runaway in the last quarter, with Stuyvesant finishing two lengths to the good. De Witt Clinton was never a serious contender. The second heat in the Junior Single Sculls race in the morning triad produced a thriller when F. J. Muff, Ravenswood; Tom Malloy, Nassau, and William Haynes, Metropolitan Rowing Club, finished in a dead heat in 5 minutes, 11 seconds. Muff won the afternoon final in the good time of 5 minutes, 27 3-5 seconds.

The Metropolitan Intermediate double sculls crew experienced tough racing luck in their match with the Nonpareil Rowing Club crew when they rowed into a drifting fog near the finish line. The Undine outfit was leading by a length when the accident occurred, but the First Bohemian Club came flashing by while the Undine oarsmen were trying to get back into their stroke and won by less than a quarter of a length in 4m. 31 4-5.

The Undine Boat Club had a similar experience in the Senior Quadruple Scull race when their N. 2 man caught his oar on a floating box near the finish line. The Undine outfit was leading by a length when the accident occurred, but the First Bohemian Club came flashing by while the Undine oarsmen were trying to get back into their stroke and won by less than a quarter of a length in 4m. 31 4-5.

**JUNIOR SINGLE SCULLS**—Won by F. J. Muff, Ravenswood Boat Club; W. Haynes, Metropolitan Rowing Club, second. Time, 5:11.

Helen Wainwright Hangs Up  
Her First World's RecordLowers Mark for 150-Yard  
Free-Style Event at Brighton Beach.

Miss Helen Wainwright, of the New York Women's S. A., who succeeded Miss Bielutsky to the all-around national swimming championship, recently hung up her first world's record at the opening water carnival of the outdoor season in the 150-foot pool of the Brighton Beach Bath yesterday afternoon.

She won a 150-yard invitation free style race in 1m. 43 3-5, or one-fifth of a second under the registered international standard, set by Miss Charlotte Boyle of the same organization in the Brighton pool last summer.

The fifty-yard free style dash for the women's junior Metropolitan A. A. U. championship, another feature of the meet, was keenly contested.

Miss Doris O'Mara, the New York Women's S. A.'s latest find, fifteen years old, won the race in 22 seconds flat, closely followed by Miss Frances Conroy and Miss Ethel McGary, also of the W. S. A., who finished second and third as follows:

Louis Balbach of the New York A. C., former national fancy diving champion, captured a scratch contest from the 12-foot springboard. He ran up a score of 33.30 points.

Thomas McKee, unattached, tied for second place on points, but the former earned a total of 32.01 points as against 30.51 points earned by Hirschfeld, so he received the verdict.

A hundred 150-yard swim for women went to Miss Evelyn Sommers of the New York W. S. A., from the 23 second mark in the actual time of 1m. 25 4-5. and a hundred for men at the same distance was won by Thomas Steen of the Brooklyn Central Y. M. C. A., who had 15 seconds and did 1m. 10s.

The summary follows:
